Out of the total number of seats available under State Quota, 10% seats are reserved for Service Candidates and the remaining seats are distributed as given below:

Sl.No.	***Category***	***Percentage***
1.	Scheduled Castes (SC)	8
2.	Scheduled Tribes (ST)	2

5.	Muslims (MU)	7
6.	Latin Catholic and Anglo Indians (LA)	3
7.	Other Backward Christians (BX)	1
8.	Kudumbi (KU)	1
9.	Economically Weaker Sections in General Category (EW)	10

- The remaining seats constitute the General Merit Quota
- One Post Graduate Medical Degree seat each shall be allocated to Ex Service candidate and dependant of Jawan killed in action. In the absence of eligible candidates in "dependent of Jawan killed in action" category, the seat reserved for that category will be available for dependent of Ex-serviceman
- The reservation of 5% seats for Persons with Disabilities (PD) is realized as PD subcategories of the main categories proportional to the seat shares of the respective main categories.
- EZ, BH, MU, LA, BX and KU (the categories under SEBC) reservation is restricted to candidates not belonging to the Creamy Layer of the respective communities.

METHOD FOLLOWED FOR ARRIVING AT THE SEAT MATRIX

[*For identification of Open (Unreserved), SC, ST, SEBC (EZ, BH, MU, LA, BX and KU), EWS (EW) and Persons with disability (PwD) seats in Open (Unreserved), SC and ST, SEBC Categories and EWS (EW) in respect of Government Medical Colleges*]

The principles to be followed:-

(a) Roster Preparation

i. Roster for the current year is prepared as an extension of last year's roster.

ii. Categorization of the roster points for the current year is based on the difference between the total number of seats required to be allocated and the seats actually allocated for each category in the extended roster.

iii. Mapping of categories to roster points makes use of a category hierarchy, with blocks of reserved and unreserved seats at the top level, and the block of reserved seats further divided into the SC-ST, SEBC and EWS blocks at the next level. The SC-ST and SEBC blocks are further divided into the respective constituent categories. The quota for Persons with benchmark disabilities (PD) is distributed as subcategories of SC, ST, categories under SEBC, EWS and General Merit (Unreserved). The aggregate roster points for the category groupings at each level is computed as per the aggregate percentage of seat share for the respective groupings computed from the category-wise percentage seat share specified in the reservation policy.

(b) Seat matrix preparation

i. The Seat Matrix for the current year is prepared as an extension of last year's seat matrix.

ii. After the categorization of roster points, the next step is to map the categorized roster points to seats. The procedure for mapping roster points to seats in participating institutions is based on a hierarchical grouping of the seats available at the time of seat matrix preparation. The highest level divides the seats into degree and diploma seats (if applicable), followed by clinical and non-clinical seats (if applicable). The next levels partition the seats on specialty and institution basis, in that order.

iii. The distribution of the categorized roster points to the seat groupings is done in such a way that the percentage seat share of each category as per the roster is maintained within each grouping in the extended seat matrix. The fractional deficit or surplus in the actual allocation for categories within the seat groupings will be carried over to subsequent extensions of the seat matrix and roster in the current session or next year.

iv. In case additional seats are contributed by any institution after finalization of seat matrix due to creation of additional seat or starting of new course after freezing of seat distribution (seat matrix), before start of next round (second/third) of counseling the same will be added to the roster and the seat matrix by applying the above defined procedures for extension of roster and seat matrix.

v. In case an institution withdraws any seat after finalization of seat matrix as mentioned above, on account of derecognition of seat or due to furnishing of wrong information earlier, the same would be deleted from the list without changing/disturbing remaining seat matrix. However, as the deleted seats will not be part of the already allocated seats when the next extension (due to availability of additional seats or the next year's seat matrix preparation) of the roster and seat matrix takes place, the lost roster points will be automatically compensated when such extensions happen.

(c). As seats for Ex-Serviceman and Dependent of Jawan killed in action / Dependent of Ex- serviceman are special categories and the seats allocated are two out of total seats (one for each category), it is done by taking these categories outside the roster. The allocation of seats in the year shall be followed up next year in the sequence of subjects as they appear in the seat matrix. These special categories will be allotted the last seat in the General category of the respective subjects, in the seat matrix.

6.2: Reservation of seats for Persons with Disabilities *(PwD)*

Leaving the seats set apart under All India quota and Service quota, five percent (horizontal reservation) of the seats available to the State for allotment from the State rank lists are reserved for candidates with benchmark disabilities for all courses in Government/Aided Colleges as stipulated in Section 32, Chapter VI of the Persons with Disabilities Act 2016. As per Clause 2 (r),Chapter I of the Act, 'Person with benchmark disability' means a person with not less than 40% of a specified disability where specified disability has not been defined in measurable terms and includes a person with disability where specified disability has been defined in measurable terms, as certified by the certifying authority.

Generally, candidates who have a minimum of 40% disability alone will be eligible to apply for this quota. Candidates seeking admission to PG Medical Courses will have to satisfy the eligibility criteria prescribed by the NMC (MCI) for persons with Disabilities.(See **Annexure No.V** appended.)

The selection of candidates under this category will be based on the merit in the Entrance Examination and physical suitability, and not on the basis of the degree of disability alone. The Commissioner for Entrance Examinations (CEE) will carry out a Centralized Allotment Process (CAP) of all candidates under the State system. Candidates will be allowed to exercise their option for individual specialties/colleges as per their ranks. The allotment of courses/colleges for the General Merit and reservation categories will be strictly in accordance with the Merit list and Category lists mentioned in Clause 9 above. The CEE will notify the schedule of activities, indicating important dates well in time. The number of Centralized Allotments will be as prescribed by the Supreme Court and Government of India from time to time.

10-1.CAP- Process

10-1.1: The allotment to all the courses for all categories will be made through a Centralized Allotment Process which is a Single Window System (SWS) of Allotment to give allotments to the PG Medical seats in the Medical Colleges based on the options submitted online by the candidates who have been included in the Rank list prepared by the CEE based on the NEET PG-2026 examination. The Centralized Allotment is a simple and transparent process of allotment to the courses and it gives the candidate opportunity to exercise his/her options for colleges of his/her choice conveniently in the order of his/her preference considering all those available to be chosen from. The allotments will be strictly based on the options exercised, the rank obtained and eligible reservations of the candidate. Candidates should register options only to those courses and colleges which they are sure to join on allotment.

The CAP progresses through multiple phases. If a candidate fails to remit the fee and join the college allotted in a particular phase of the CAP within the stipulated time, the allotment and the options registered by the candidate will automatically be

cancelled. Hence, if a particular phase of allotment is based on the options carried over from the previous phase and no fresh option registration is allowed in that phase, then a candidate who failed to accept the seat allotted to him/her in the previous phase by joining the allotted college, will be left with no options to be considered for allotment in that phase. If a particular phase of allotment is based on the options carried over from the previous phase, there will be a mandatory option confirmation operation that the candidates have to do for the options to be available in the new phase.

Fresh option registration is mandatory in the first and the third phase allotment of CAP and also in the Stray Vacancy filling Phase. Online facility for Confirmation/Cancellation/Rearrangement of higher order options will be active for a stipulated period of time leading to second phase of CAP subsequent to the first phase. The Option Confirmation is mandatory if the options remaining after the first phase of the allotment are to be available in the second phase. Candidates who have not been allotted a seat in the first phase allotment as well as those who have been allotted a seat and joined the allotted college in the first phase allotment have to do Option Confirmation in the second phase unless they are satisfied with the outcome of the first phase. 10-1.17(6) : If a candidate is satisfied with the first allotment and does not want to be considered against his/her remaining options, he/she will have the facility to cancel all the remaining options. He/she may also cancel specific options among the remaining options as per his/her desire. The candidate will also have the facility to alter the priority of the remaining options. But the candidate will not be permitted to register any fresh options to the existing ones except in cases where new courses are added during the allotment process. However, fresh option registration will be allowed (and is mandatory) in the third and stray vacancy filling phases

10-1.17(7): The facility for cancellation/deletion/alteration will be available as notified, after which the facility will be withdrawn. A candidate retaining all or any of the options after the first allotment is bound to accept the next allotment, if any,

given to him/her. If the candidate fails to accept the seat in the first allotment or quits the allotted seat after joining, he/she will lose the allotment/admission and all the options registered and may not be permitted to participate in the second allotment. The eligibility of a candidate for participating in further phases of allotment will be depending on the phase in which the candidate secured the allotment. In the case of quitting the allotted seat after joining, the phase of the allotment process at which the candidate quits the seat is also a factor in determining the eligibility for participating in further allotments (see the CAP guidelines).

10-1.18: Centralised Allotment Process (CAP)- Guidelines

There will be three phases of online counseling i.e.; Phase1, Phase 2 and third phases.

10.1.18 (1) : Eligible candidates, who are included in the State rank list (Kerala Merit list and Service Quota rank list) prepared by the CEE can register fresh options during the first phase counseling, based on which and based on rank and category, allotment will be published. A Security deposit of Rs.10,000/- will have to be paid at the time of option registration. For SC/ST/OE and other candidates who are eligible for fee concession Rs.5000/- will have to be paid as Security deposit. The security deposit will be refunded to the eligible candidates after the completion of the entire counselling process.

10.1.18 (2) : In the second phase counselling, there is no facility for fresh option registration for the candidates. Only option confirmation/deletion/rearrangement of the existing options in phase 2 is possible. Option confirmation is compulsory to participate in phase 2. Option registration will be available only those courses which are newly added to the list at this stage. If a candidate is allotted a seat in the first phase and joined the allotted seat, his/her higher options will be retained and all those options listed below the allotted option will automatically be deleted thus enabling only up gradation / retention in the same seat. If a candidate joined in a seat in phase 1 does not give confirmation of option in the phase 2 he will not be considered for up gradation in phase 2, but the seat joined in phase 1 will be retained. So if a candidate joined in round 1 does not want upgradation in phase 2, he/she may not confirm options or delete all options registered.

10.1.18 (3) Phase 3: After the 2nd Phase allotment, vacancies exist or arise shall be filled in the 3rd round allotment. There is facility for fresh option registration in 3rd round. Candidates shall register options to any seats they wish to join, if allotted, irrespective of the vacancy status as any vacancy that may arise during the counseling will be filled based on these options as applicable category conversions

of seats will take place in the third round allotment. While registering options for the third round allotment candidates are advised to take into account those probable vacancies too that may arise due to the applicable category conversion rules.

Fresh option registration fee *will be implemented to all candidates, who register fresh options in the final round.*

Registration fee amounting to the annual tuition fee of the seat opted, if opted only for Government seat or an amount of Rs.1,00,000/- (Rupees One lakhs only) if opted also for a seat in Private Self financing Medical College is set as registration fee in the third phase. For SC/ST/OE and other candidates who are eligible for fee concession, the registration fee for Govt. /Pvt.medical college seats will be half of the above amounts respectively. The registration fee paid for final round allotment will be adjusted in the fee of the course, if the candidate gets an allotment or else will be refunded after the end of counselling. The registration fee paid for final round allotment of those candidates who do not join the seat allotted in the final phase allotment will be treated as penalty and will not be refunded.

Penalty Conditions in 3rd round:

From the 3rd round onwards, restriction has been implemented to candidates in order to avoid lapsing of seats and holding of AIQ seats and State quota seats thus blocking seats. A candidate allotted a seat in 3rd round in State Counselling shall be ineligible to participate in any further counselling. Hence, candidates are advised to exercise due diligence in exercising their options and do not file unwanted options to seats in which they do not wish to pursue studies. The list of candidates admitted as on the last date of admission in Phase 3 will be forwarded to MCC as the list of candidates ineligible to participate in any further rounds of All India or State counselling. Those candidates who vacate seat (allotted in Round 1 or Round 2 or Round 3), after the last date of joining of Round 3 will not be considered for further rounds of counselling and penalty will be initiated as per the Prospectus conditions.

If any category seat remains vacant due to insufficient number of options to fill up the vacant seats even after fresh options are registered for the third round allotment, the applicable category conversion will be carried out as part of the third round allotment process. The conversion will be effected even if there are candidates of the category in the rank list but have failed to give options to the

category seat in third round allotment. Such conversion will be done during the third round allotment process and allotment will be done to the new category arrived at by conversion. G.O. on deputation of Medical Officers under Health Services

2497838/2018/HEALTH(OS)

GOVERNMENT OF KERALA

Abstract

FINANCE DEPARTMENT—DEPUTATION OF MEDICAL OFFICERS UNDER HEALTH SERVICES DEPARTMENT FOR HIGHER STUDIES—SCHEME APPROVED—ORDERS ISSUED

FINANCE (RULES - A) DEPARTMENT

G. O. (P) No. 106/2017/Fin. Dated, Thiruvananthapuram, 14th August, 2017.

Read:— (1) G. O. (P) No. 303/70/Fin. dated 12-5-1970.

(2) Circular No. 54/2005/Fin. dated 27-9-2005.

(3) G. O. (P) No. 69/10/H & FWD dated 17-2-2010.

ORDER

As per the Government Order read as lst paper above, deputation benefits with full pay and allowances are sanctioned to Government employees to undergo course of study, if Government are fully satisfied that the course is capable of widening their knowledge in a manner likely to improve their abilities as civil servants and to equip them better in the sphere of their duties and of definite advantage to Government. As per the Circular read as 2nd paper above, Government have clarified that deputation benefits will be allowed only for undergoing course of study/training prescribed for promotion to posts in the regular line of promotion of the posts held by the employees and also in cases where approved scheme exists for such deputation. As per the Government Order read as 3rd paper above, Kerala Health Services (Medical Officers) Special Rules have been framed and the existing cadres of Medical Officers in Health Services Department have been categorized into Administrative Cadre, Speciality Cadre, General Cadre, Public Health Lab Cadre and Blood Bank and Clinical Lab/Transfusion Medicine Cadre. Since then, several requests for deputation benefits for higher studies have been received from Medical Officers in Health Services Department. However, many doctors who avail deputation benefits do

not opt for the stream in which they have specialized. Several doctors who have completed their deputation for higher studies under service quota are waiting to be posted to their specialities even after exercising option to the stream. At the same time acute shortage of doctors is being experienced in certain specialities as well.

In this circumstance, Government have examined the matter in detail and are pleased to streamline the procedure for sanctioning deputation benefits to Medical Officers under Health Services Department for pursuing higher studies and issue the following scheme of deputation for the purpose. All Government Orders regarding deputation benefits for higher studies in Health Services issued till date will be superseded by the following orders:

1. This scheme will be limited to service candidates who have successfully completed their probation in respective cadre. Other cases will not be entertained on any account.

2. Those who want to go for higher studies other than on service quota shall pursue the course on their own accord after availing eligible leave/Leave Without Allowance.

3. Deputation benefits will be sanctioned for undergoing courses of study in institutions run by the Government of Kerala, other State Governments, Union Territories and the Government of India. Administrative Department shall prepare a list of such institutions and in future the Director of Health Services shall issue Sponsorship Certificates only to the selected courses and institutions in the list approved by the Government.

4. The candidates who undergo two year Post Graduate Diploma Course and Post Graduate course should have prospective service of 10 (ten) years and 12 (twelve) years respectively after successful completion of the course.

5. Those who have not availed deputation benefits for MD/MS will be granted deputation benefits for Super Speciality course. Those who have availed deputation benefits for MD/MS will be granted deputation to Super Speciality only after three years of service in the specialized branch. These candidates shall have minimum 7 (seven) years prospective service for serving the Government after the successful completion of the DM/MCH Course. If they get admission for super Speciality course after ten years of service in the specialized branch, they shall have 5 (five) years of prospective service after successful completion of the course for serving the Government.

6. Applications for deputation benefits shall be recommended only on the basis of strict seniority and vacancies likely to arise in the specialities concerned.

7. The Director of Health Services shall prepare every year a list highlighting the specialities to which deputation benefits are to be given and the number of vacancies likely to arise in each speciality for the next academic year with their specific remarks on the necessity of granting deputation benefits to these specialities. Government shall put a ceiling each year on the number of candidates eligible for deputation benefits in each speciality. However, deputation benefits will not be allowed to undergo courses of study in streams where more than 10% of the sanctioned strength of the speciality cadre concerned is waiting to be posted and the Director of Health Services shall prepare another list of such specialities.

8. Administrative Department shall approve these lists with direction to include the same in the prospectus. Requests for deputation benefits to study courses outside the above lists/prospectus will not be entertained by the Government.

9. The Director of Health Services shall forward to Government the proposals of deputation benefits along with the lists referred to under para 8.

10. Those who avail deputation benefits shall immediately after completion of deputation opt the speciality cadre in which they have specialized.

11. Those who have already received deputation benefits and have not opted to their specialities are to exercise the same within a period of one month from the date of issue of this Government Order; failing which their period of deputation will not be counted for service and pensionary benefits.

12. Deputation benefits shall be granted only for stipulated duration of the course. If any candidate does not successfully complete the course during the stipulated period or there is delay on his part in completing the course within the stipulated period, the extra period shall be treated as eligible leave/Leave Without Allowance.

13. Rural and Difficult Rural Area Allowance, Non-Practising Allowance, Risk Allowance and other duty linked allowances will not be paid during the period of deputation.

14. Those who discontinue the course on any reason/do not opt for the speciality within a period of one month after completing the course/resign from service or take voluntary retirement/leave the service to take up another appointment elsewhere or for any other reason before completing mandatory period of service will be liable to pay as liquidated damage an amount equal to the total salary admissible to the officer during the entire period of obligatory service of 5 or 7 or 10 or 12 years as the case may be after completing the course. The salary/stipend drawn during the course along with interest @ 8% will also be recovered towards liquidated damages. In order to arrive at the future salary, a hike of 25% on the existing salary will be effected in quinquennial pay revision taking place during the obligatory period. In the event of violation of this clause, the fact will be reported to the Medical Council for necessary action and his/her service will be terminated by following the procedure under the Kerala Civil Services (Classification Control and Appeal) Rules.

15. If these Officers leave Government Service during the obligatory service period without remitting the liquidated damages and the District Medical Officers fail to report such cases to the Director of Health Services in time and the Director of Health Services in time to Government, the liquidated damages will be recovered from them.

16. District Medical Officers will make periodic inspections in the hospitals having specialities to ensure that the specialized doctors who received deputation benefits are serving the Government during the mandatory period in the posts of speciality and furnish a report once in three months to the Director of Health Services and the Director in turn will prepare a consolidated report and furnish it once in six months to the Government in the Health & Family Welfare Department.

17. Administrative Department will sanction deputation benefits only in consultation with the Government in the Finance Department.

18. The posts vacated by the doctors proceeding on deputation for higher studies under this scheme shall be filled up temporarily.

19. No candidate granted deputation benefits under these orders will be relieved of his duties to join the course before he executes a bond on Kerala Government stamp paper worth ₹ 200 agreeing to the terms and conditions set under the preceding paragraphs.

20. These guidelines will apply to candidates admitted to courses of study specified above from the academic year 2017-18 onwards.
