NOTIFICATION

GUIDELINES ON ASSESSMENT OF PERSONS WITH BENCHMARK DISABILITIES (PwBD) FOR ADMISSION TO THE MBBS COURSE, 2026

U-11021/24204/2026-UGMEB-In exercise of the powers conferred by Sections 10 and 24 of the National Medical Commission Act, 2019, read with Section 57 thereof, and in furtherance of the Graduate Medical Education Regulations, 2023, the National Medical Commission hereby issues the following Guidelines, namely: —

1. Short Title and Commencement

1.1 These Guidelines may be called the "Guidelines on Assessment of Persons with Benchmark Disabilities (PwBD) for Admission to the MBBS Course, 2026".

1.2 They shall come into force on the date of their publication by the National Medical Commission.

2. Objectives

2.1 The National Medical Commission recognizes that Persons with Benchmark Disabilities constitute an integral part of society and are entitled to equality, dignity, non-discrimination and reasonable accommodation in all spheres of life, including medical education, in accordance with the Constitution of India and the Rights of Persons with Disabilities Act, 2016.

2.2 Simultaneously, the National Medical Commission is entrusted with the statutory responsibility of maintaining high standards of undergraduate medical education and ensuring that every medical graduate acquires the essential competencies necessary for the safe, ethical and effective practice of modern medicine in accordance with the Competency Based Medical Education (CBME) curriculum.

2.3 Medical education demands the acquisition of knowledge, professional skills, clinical competencies, communication abilities and ethical values. The assessment of candidates with benchmark disabilities must therefore balance the rights guaranteed under the Rights of Persons with Disabilities Act, 2016 with the statutory obligation to maintain academic standards, professional competence and patient safety.

2.4 These Guidelines introduce a competency-based and function-oriented assessment framework, whereby the determination of eligibility shall not rest solely upon the numerical percentage or category of disability reflected in the UDID Card or other disability certification. While the benchmark disability prescribed under the Rights of Persons with Disabilities Act, 2016 shall continue to determine eligibility for reservation under the PwBD category, admission to the MBBS Course shall be based upon an objective evaluation of the candidate's functional competencies, with due regard to reasonable accommodation, assistive technology, environmental accessibility and contemporary advances in rehabilitation science.

2.5 For the purposes of these Guidelines, the certificate presently issued by the designated Medical Boards for admission to the MBBS Course, though commonly referred to as a **"Disability Certificate"**, shall be known as the **"Eligibility Certificate"**, as it is intended to certify the candidate's eligibility or otherwise for admission to the MBBS Course based on functional assessment rather than merely certifying the existence or extent of disability.

2.6 In order to facilitate greater accessibility, transparency and uniformity in the assessment process, the Directorate General of Health Services (DGHS), Ministry of Health and Family Welfare, expanded the designated assessment centers from 16 (Sixteen) to 61 (Sixty One) across the country and any further expansion of such assessment boards will be notified by the Medical Counselling Committee (MCC) from time to time. For the purposes of these Guidelines, all such designated Boards shall be referred to as the "Medical Assessment Boards", which shall undertake the functional assessment of candidates in accordance with these Guidelines.

9.3 While the particulars recorded in the Permanent UDID Card, including the category, percentage and validity of the specified disability, shall ordinarily form the basis of consideration by the Medical Assessment Board, the Board shall independently determine the candidate's functional competency in accordance with these Guidelines. The determination of eligibility shall not be based solely upon the category or percentage of disability recorded in the UDID Card.

9.4 Where the Medical Assessment Board considers it necessary for determining the functional competency of the candidate or the feasibility of providing reasonable accommodation, it may require the candidate to undergo such further clinical examination, functional evaluation or verification as it considers appropriate.

9.5 Every candidate shall submit a self-certified affidavit declaring his or her functional abilities in the format specified in **Schedule-I**, which shall be verified by the Medical Assessment Board during the course of assessment.

9.6 A candidate shall not be denied consideration under the PwBD category solely on account of a procedural defect or discrepancy in the Permanent UDID Card, provided that

such defect is capable of rectification and the specified disability is otherwise established in accordance with law.

9.7 Every admission to the MBBS Course under the PwBD category shall be regulated by these Guidelines, and every Medical College, Counselling Authority and Medical Assessment Board shall ensure strict compliance with the provisions contained herein.

Assessment shall be based upon objective medical findings, scientific evidence, functional evaluation, contemporary rehabilitation principles and evidence-based medical practice. The Medical Assessment Board shall avoid reliance upon outdated medical opinions, stereotypes or unsupported assumptions relating to disability. Where advances in rehabilitation medicine, assistive technology or adaptive devices substantially improve the functional abilities of the candidate, due consideration shall be given to such advancements while determining eligibility.

Prior to declaring a candidate ineligible, the Medical Assessment Board shall examine whether reasonable accommodation, assistive technology, adaptive devices or appropriate infrastructural support would enable the candidate to successfully pursue and complete the MBBS Course without compromising the acquisition of the prescribed competencies.

Reasonable accommodation may include, inter alia—

(i) assistive devices;

(ii) adaptive equipment;

(iii) digital accessibility;

(iv) accessible teaching and learning material;

(v) communication support;

No.: 182399 (Year-2024) Dated: Shimla-2, the, 16/August, 2026

NOTIFICATION

The **Governor, Himachal Pradesh,** is pleased to amend the **clause 3.1.6 and clause 6.1** of the prevailing **Post Graduate/ Super Speciality Policy, 2025, issued vide** Notification **No. HFW-B(F)4-9/2017-II-L** dated **15.10.2025, in the public interest,** to the extent as under:-

3.1.6 **'Field posting'** shall mean the posting in various peripheral Health Institutions of the State including Primary Health Centre, Community Health Centre, Civil Hospitals, District Hospitals, Zonal Hospitals, Regional Hospitals and AIMSS Chamiana (Shimla). Teaching posts in Government Medical/ Dental Colleges/State Medical Institution of the State Shall be excluded from the definition of field posting except AIMSS Chamiana.

'Provided further that those GDOs and Direct candidates who, after obtaining their Postgraduate Degree/ course opt to join Senior Residency at AIMSS Chamiana and in the specialty of Radio-diagnosis in other Government Medical Colleges of the State except IGMC Shimla shall be exempted from the requirement of mandatory field postings and the mandatory field posting period as per the provisions of this policy so served at AIMSS Chamiana and other Government Medical Colleges in Radio-diagnosis except IGMC Shimla shall be treated as field posting for the purpose of this policy. Therefore, all such GDOs and Direct candidates bonded to serve the State on this account in terms of the provisions of this policy, on joining/pursuing Senior Residency at AIMSS Chamiana and in Radio-diagnosis in other Government Medical Colleges except IGMC Shimla shall be considered as mandatory field posting for the purpose of their respective/ remaining bond period as the case may be in the respective Medical College (s)/institute concerned.

6.1 As the Government incurs substantive expenditure on each candidate for doing Post Graduation and also pays them full pay along with all allowances and seniority during the course, every GDO (regular/ contract) who have been sponsored to pursue Post Graduation **within the State** in Government Medical/ Dental colleges shall have to furnish a bond to serve the State for at least **four years including mandatory one year of field posting** after completion of their respective courses. Similarly, in case of GDOs sponsored for Post Graduation **outside the State** on sponsored quota seats of Institutes of National Importance

(INI), as the Government pays them full pay along with increments during the course and they are not even serving the state during the course, every such GDO (regular) shall have to furnish a bond to serve the State for at least **five years including mandatory one year of field posting** after completion of their respective courses. Since the **direct candidate who pursues Post Graduation within the State** in Government Medical/ Dental Colleges on State/ All India Quota stand on a different footing as they are not entitled to service benefits including full pay (with allowances and increments) and chances of regularization to which their GDO counterparts are entitled; however, keeping in view the resources expended in their education by the government including payment of stipend, every such direct candidate shall have to furnish a bond to serve the State for at least **two years including mandatory one year of field posting** after completion of their respective courses.

Further, on selection for Senior Residency/ Tutorship by the GDO/ direct candidates from the Government Medical Colleges/ Institutes of the State during the mandatory bond period would lead to extension of the present bond period of the concerned GDO/ direct candidates to serve the State till completion of three years of Senior Residency/ Tutorship as the case may be.

Provided further that such GDOs who get selected as per **Clause 6.5**, for doing Super Speciality before completion of the bond period of Post Graduation as such in that event the candidate already being bonded to serve the State as per the provisions of this policy for doing Post Graduation for 4/5 years alongwith bond amount of **Rs. 40 Lakhs** on such selection for the Superspecialty course will have to furnish an undertaking on judicial paper to serve the **balance/remaining bond period** for doing Post Graduation **alongwith the bond period applicable after doing Super Speciality course** for serving the State as the case may be. For this purpose both the bond periods shall be clubbed together for serving the State for a period equal to **balance/remaining bond period of PG course + mandatory period of bond in respect of Superspecialty course apart from the mandatory one year of field posting** and the candidates shall furnish a fresh bond in the form of legal undertaking to serve the State for the clubbed period failing which the candidate shall have to pay **Rs. 90 Lakhs** to the State Government. The candidate shall also furnish an undated cheque from a scheduled bank amounting to **Rs. 90 Lakhs** in the name of DHS/ DME. The DHS/ DME shall be at liberty to get the cheque encashed in event of violation of the bond conditions.

The above amendment shall remain operative only for a period of three (03) years, from the date of publication of this Notification and the respective provisions as notified under this policy in respect of Clause 3.1.6 and 6.1 on 15-10-2025 shall automatically stand restored without further orders/ notification.

This issues with the prior approval of competent authority.
